Brisbane Private Secondary School Fees and Upfront Enrolment Costs

59 Year 7–12 fee entities · official 2026 domestic fees

All 59 regular Year 7–12 fee entities in the City of Brisbane are included. The numbers are only taken from the school's own 2026 domestic student webpage or PDF; schools that cannot obtain public figures will also retain them, and clearly write down the evidence boundaries. Amounts are in AUD and last reviewed on 16 July 2026 (AEST).

July 2026 edition

Families budgeting for private school from Year 7 to Year 12 in Brisbane

01

Let's look at the answer first: 59 schools are here, and they won't disappear unless the number is made public.

This guide is not about picking a dozen examples. The directory uses the Open school data of the Queensland Non-State Schools Accreditation Board (NSSAB) as the boundary, and filters the City of Brisbane, fee-paying entities that provide Secondary or Primary and secondary regular courses, and Special assistance = No, a total of 59.

Evidence status	Number of schools	What to do with this guide
2026 domestic fee schedule available	49	Lists grade fees, fixed items, upfront payments and non-included items
The current number is not public, only the old year or access is restricted	10	The school still retains it completely; no old year, international students or third-party numbers are passed off as 2026 domestic student fees
Total	59	Each entity appears once in the text

02

One-year tuition, fixed fees and the upfront payments are not the same thing

"Tuition" only represents tuition; "annual fixed fees" may also include technology, resource, capital, building, camp, or family levy that are explicitly mandated by the school. Family levy is listed separately for each family and cannot be multiplied by the number of children repeatedly.

"Upfront payments" includes application, acceptance, confirmation, registration, deposit or advance payment. Non-refundable fees are the true cost of enrolment; prepayments that can be used to offset tuition fees will still occupy the initial cash, but should not be double-counted in the annual net cost; refundable deposits should also be listed separately.

Uniforms, school buses, private music, optional trips, off-campus VET, unselected senior subjects and items without published figures are not mandatory. Conditional discounts are also not used as default prices.

03

Use this evidence table first, do not make an unfounded overall ranking

Comparison Column	What Parents Should Record	Why
2026 grade row	Tuition and compulsory levies for the grade your child is actually enrolled in	Different grades may differ by thousands of dollars
Household expenses	Building, capital, P&F and other per-family items	The second child cannot be double-counted for per-family expenses
The upfront payments payment	Recorded separately for non-refundable, creditable and refundable categories	The cash pressure during the admission stage may be much higher than the application fee
Items not included	uniform, device, bus, VET, music, tour	These often determine the actual household budget
Official confirmation	Save email date, school reply and latest version PDF	Fees will be updated, and the web page may also replace files

04

View the complete range by public evidence status

Status	Meaning	Usage
2026 domestic fee schedule available	The school's own current webpage or PDF has verifiable amounts	It can be included in the comparison table on a consistent basis, but you still have to look at the inclusions and exclusions
The number is not publicly listed	The current official page does not give a unified amount	Ask the school for the complete domestic fee schedule
Only old year data	The official search only finds old tables such as 2024/2025	Do not postpone old numbers to 2026
Login/Form Restrictions	The current table requires logging in or submitting information to obtain	This guide retains the entrance, but does not guess numbers

Brisbane secondary private school complete fee page: reading method

Each of the next 59 sections appears once per school and records the campus, evidence status, 2026 year-level fees, fixed annual charges, upfront payments, exclusions and official source links.

Seeing "Unpublished" does not equate to free; it simply means that there is no verifiable corresponding number for the school's public page or PDF for this round. Before registering, you should obtain a written fee schedule from the Admissions Office with the year, domestic/day student status, grade, levies, entry charges and refund rules.

10 Publicly Digitally Restricted Schools: Boundaries and Claims

These 10 were not removed from the directory: Aboriginal & Islander Independent Community School, Angelorum College, Brisbane Christian College, Compass Independent School, Hillbrook Anglican School, Hubbard's School, Humanitas High School, Music Industry College, OneSchool Global QLD, Redeemer Lutheran College.

There are four types of boundaries: the school only publishes the old year table; the current domestic student table requires logging in or submitting a form; the current page does not list numbers; or the school uses individual quotations from families. Old year figures, CRICOS fees for international students, other state/campus prices of the same brand and third party school website figures do not replace 2026 Brisbane domestic day fees.

When requesting from the school, please specify: 2026 domestic day student, entry grade, tuition, all compulsory student/family levies, application/acceptance/confirmation, whether deposit is refundable, whether advance can be used to offset tuition fees, and whether uniforms, equipment, camps, VET and school buses are extra.

Why are special assistance schools listed separately and not compared with regular tuition fees?

NSSAB's Special assistance = Yes is a different category of schooling. Brands recognized in this round of catalog include Albert Park Flexible, Arethusa (multiple locations), Carinity Education Southside, Hemmant Flexible, Inala Flexible, Indie School Logan Brisbane City, Jabiru, Mastery Gaythorne, BUSY Salisbury/Fortitude Valley, and Acacia Ridge/Parkinson at Y Schools Brisbane South.

These schools may have specific qualifications, referrals, support models or different fee arrangements. Mixing them into the regular Year 7–12 private school price list can cause "low cost" to be misread as the same enrolment option. This guide therefore does not count them among the 59 regular fee entities; families in need should check eligibility, referral, program, attendance models and fees directly.

The upfront payments: Calculate this after getting the offer

Types of Cash	How to Handle
Non-refundable application / acceptance / confirmation	Included in true first-year costs; cancellation of enrolment generally not recoverable
Advance/commencement that can be used to offset the first installment of tuition fees	Included in the initial cash requirement, but do not add it up to the total for the whole year
Refundable deposit / bond	Keep the cash separately; check the return conditions and notice period
Per family levy	A family can only be added once; do not repeat for multiple children
Grade or subject selection items	Only children in the actual grade and actual subject selection are allowed to join

The most practical formula is: first-year budget = tuition for the year + mandatory student items + one-time family items + non-refundable enrolment fees + actual necessary but additional items. At the same time, make a separate column "cash required to be paid initially" and include the deductible advance payment and refundable deposit.

Subject: Request for complete 2026 domestic day student fee schedule

Hello Enrolments Team,

We are considering enrolment for Year [Grade] in [Enrolment Year]. Could you please provide the complete current domestic day-student fee schedule and confirm:

1. annual tuition and every compulsory student levy; 2. every compulsory family levy; 3. application, acceptance, confirmation and commencement charges; 4. which payments are non-refundable, refundable, or credited to tuition; 5. required device, uniform, camp, VET, transport and subject costs not included in tuition; 6. whether the attached/published schedule is the latest version for our commencement year.

Kind regards, [parent's name]

Directory scope comes from the Open data of [Queensland NSSAB Non-State Schools Directory](#) ↗; school-by-school numbers come from the official school webpage or PDF linked to each section of the text. The review date of the entire book is July 16, 2026 (AEST).

This guide is only used for preliminary family budgeting and asking questions to schools, and does not constitute school quotations, admission commitments, financial or legal advice. Schools can update fees, refund rules, discounts, levy and program arrangements; the final amount for families can also be affected by year level, siblings, subject selections, VET, boarding, busing and extracurricular activities. Please obtain written confirmation from the school before payment.

If an item is not listed in the official information, this guide is written as "unpublished", which does not mean it is free. If the text link subsequently becomes invalid, please re-enter from the Enrolments/Fees page of the school's official website and do not use the old cache in the search results.
