Gold Coast Private Primary School Fees and Upfront Enrolment Costs

31 primary-stage schools · official 2026 domestic fee schedules

This is the full catalogue: 31 non-government schools in the City of Gold Coast offering regular courses from Prep to Year 6 are listed. The numbers are only taken from the school's own 2026 domestic fee page or PDF; if you cannot get public figures, you can still list the school and write down the reasons. All amounts are in AUD, verified as of 14 July 2026 (AEST).

July 2026 edition

Families budgeting for private school from Prep to Year 6 on the Gold Coast

01

Read first: This edition does not state that “tuition fees” are less than they actually are.

Fixed fee for the year = public tuition for one child, grade of entry, plus levy/resource/device items listed as mandatory by the school; does not include items explicitly stated by the school as voluntary, optional, or unpriced. First-time non-refundable fees = application, acceptance, confirmation, membership and other items that are clearly non-refundable by the school. Deductible/refundable items are listed as cash and are never disguised as costs.

The scope of inclusion is based on the open school information of [Queensland Non-State Schools Directory](#) ↗ 2026-07-13: schools offering Prep-Year 6 or P-12 regular courses in the City of Gold Coast are included; not mixed with campuses outside the city limits such as Beenleigh, Yarrabilba, etc., and do not include secondary schools or special-assistance / alternative Year 4+ campuses.

Use these three tips first to avoid wrong comparisons

1. The same brands and different campuses will not be merged. King's Pimpama has different published fees than Reedy Creek; Silkwood's Mt Nathan / Robina two Gold Coast locations use the same fee schedule. 2. “Not listed in the reviewed source” does not mean free. It only means that the school's current public page/PDF does not have this number that can be verified, and it still needs to be confirmed in writing when registering. 3. The first year is not just about tuition. First use the grade line below and add "non-refundable fee"; if there is a bond/deposit, set aside cash separately and do not count it as a permanent cost.
