YEAR 9 ENTRY

FAMILY CHECKLIST

AIRBOTIX FAMILY GUIDES

# How to prepare for Melbourne Selective Entry

**Year 9 application, four schools, source-school cap and family verification form**

The common entrance for Victoria selective entry is Year 9, not NSW OC. Check times, schools and commutes first, then keep a complete list of local schools.

Verified version on July 11, 2026

Melbourne families preparing for Year 9 selective entry

# 01

## Understand the system first

Victoria has four Years 9–12 selective-entry high schools: Nossal in Berwick, Suzanne Cory in Werribee, Mac.Robertson Girls' High in Melbourne, and Melbourne High in South Yarra. The common statewide process is mainly for **Year 9 entry**.

Families to check	Records
entry year and child's current grade	
Curriculum, gender settings and location of the four schools	
weekday peak door-to-door commute	
application / exam / result / offer date	
reasonable adjustments	
local school extension and wellbeing solutions	

# 02

## 2027 entry current cycle

Applications open on 2026-03-02 and close on 04-24, and the exam is scheduled on 06-20. This window is already historical/current evidence for a specific period; to prepare for the next period you must go back to the official page to check the new date.

# 03

## source-school cap cannot be misread like this

Victoria's cap is designed to limit the proportion of standard and principal-discretion offers available to the same source school. It is not an individual score for your child, a school quality rating or a guarantee of an offer. Don't extrapolate a "safety score" based on hearsay.

# 04

## Complete family dual plan

- Go through the official courses and enrollment pages one by one, instead of just looking at the list.
- Test outbound, return and unexpected pick-up and drop-off separately during school peak hours.
- Ask the child if he or she would be willing to change the school, commute, and peer environment.
- Save two sets of curriculum, support and activity questions for the target school and the local school.
- For Year 10+ students, please contact the school directly. The Year 9 common process cannot be applied.

# 05

## Confirm with the official

Confirm eligibility, fees, school choices, adjustments, exam arrangements, result/offer dates and principal discretion before submission. Any training organization's cutoffs, rankings or probabilities are not official decisions.
