Greater Sydney Private Primary School Fees and Upfront Enrolment Costs

Published-fees edition · July 2026

Families budgeting for private school from Kindergarten to Year 6 across Greater Sydney

01

How to read this guide and what it covers

This table includes a total of 94 school entities/campuses that already have 2026 domestic fees on the school's official website. Fee information was compiled on 15 July 2026 (AEST). This is not a list of all private schools in Greater Sydney; schools that do not have published fees have been removed at the request of the public edition. School fees may be adjusted. Please refer to the latest fee schedule confirmed in writing by the school before making payment.

Amounts are in AUD. Columns K–Y6 only use the 2026 domestic fixed annual total specified on the school's own webpage or school-hosted documents; ≥ indicates the lowest total of known mandatory items. The figure in the table for Sydney Catholic primary schools is usually tuition for the first child plus building levy for the oldest child; fees for school-based materials, activities, camps, musical instruments or sports charged separately by the school are not included in the table if the amount is not disclosed. So the figure of about \$4,000 in the table may be correct, but it doesn't necessarily equal a household's final full-year bill.

The table is arranged consecutively by LGA. The first table of each group is for the school, registered year levels and official school source; the second and third tables are for K–Y6 and upfront payments. – means that the school's 2026 fee information does not list this item, which does not mean it is free; **eligible \$0** means that the school is eligible for a limited exemption arrangement. Before registering, signing a contract or making payment, please confirm in writing with the school the family levy, school-based fees, discount eligibility, refund conditions and unlisted items.
