AIRBOTIX FAMILY GUIDES

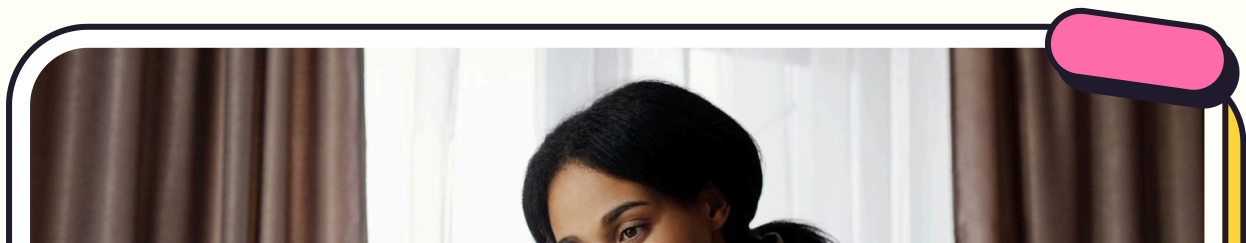

Greater Sydney Private Secondary School Fees and Upfront Enrolment Costs

**138 Year 7–12 fee entities · official 2026
domestic fees**

All 138 regular Year 7–12 fee entities in Greater Sydney's official 33 LGAs are included. The numbers are only taken from the school or school system's own 2026 domestic student webpage or PDF; schools that cannot obtain public numbers will also keep them, and the evidence boundaries will be clearly written. Amounts are in AUD and last reviewed on 16 July 2026 (AEST).

July 2026 edition

Families budgeting for private school from Year 7 to Year 12 across Greater Sydney

01

Let's look at the answer first: 138 schools are here, and they won't disappear unless the number is made public.

This guide is not a list of popular schools, nor is it a sample of a dozen or so. The directory uses NSW NESA registered non-government school data in January 2026 as the baseline, applies Greater Sydney's official 33 LGA boundaries, and excludes special schools and special support categories, leaving a total of 138 regular secondary school fee-paying entities.

Evidence status	Number of schools	What to do with this guide
2026 domestic student expenses can be read directly	51	List Y7, Y10, Y12, fixed items, upfront payments and not included items
The current number is not public, only the old year or access is restricted	87	The school still retains it completely and does not need to be supplemented by old prices, international prices or third-party figures
Total	138	Each entity appears once in the comparison table and once in the details

02

Tuition fees, mandatory fixed fees and upfront payments payment should be separated

"Tuition" is usually just tuition; technology, resource, capital, building, camp, or family levy may also appear during the year. Family levy is listed separately for each family and cannot be added repeatedly based on the number of children.

"Upfront payments" includes application, acceptance, confirmation, registration, deposit or advance payment. Non-refundable fees are included in the true first-year cost; prepayments that can be used to offset tuition fees are only included in the initial cash pressure, and the full-year net cost should not be double-counted; refundable deposits are also recorded separately.

Uniforms, school buses, private music, optional travel, unselected senior subjects, external VET and items for which there are no published figures are not imposed. You should still obtain a written quote from the school before paying.

03

How to pronounce horizontal comparison

Column	Recording Principles
Y7 / Y10 / Y12	Keep the school's public reputation and do not substitute prices for other grades or other campuses
Fixed fee / family levy	The school must be listed only if it is clearly compulsory; family items must be marked separately
Upfront payment	Non-refundable, redeemable and refundable separately
Status	"Undisclosed" does not mean free, it only means that there are no verifiable figures for this round of official public information

Review date: 2026-07-16.

The upfront payments: Calculate this after getting the offer

Types of Cash	How to Handle
Non-refundable application / acceptance / confirmation	Included in true first-year costs
Advance/commencement that can be used to offset the first installment of tuition fees	Included in the initial cash requirement, do not add it up repeatedly throughout the year
Refundable deposit / bond	Separate column cash occupation, and check the refund conditions
Levy per family	Only add once per family

First-year budget = current year's tuition + mandatory student projects + one-time family projects + non-refundable admission fees + actual necessary but additional projects.

Confirmation email to school: copy directly

Subject: Request for complete 2026 domestic day student fee schedule

Hello Enrolments Team,

We are considering enrolment for Year [grade]. Could you please provide the complete current domestic day-student fee schedule and confirm: annual tuition; every compulsory student and family levy; application, acceptance and confirmation charges; which payments are non-refundable, refundable or credited to tuition; and required device, uniform, camp, VET, transport and subject costs not included in tuition.

Kind regards, [parent's name]

Official source, update time and usage boundaries

The directory range comes from [NSW NESA Registered Non-Government School Directory ↗ ↗](#), and the school-by-school numbers come from the school or school system official webpage/PDF linked in the text. The full review date is 16 July 2026 (AEST).

This guide is intended as a preliminary budget for families and does not constitute a school offer, admission commitment, financial or legal advice. The school may update fees, refunds, discounts and project arrangements; please obtain written confirmation from the school before payment. "Unpublished" does not mean free.
